The draw for order of appearance for the international contests in Providence was completed this morning and is listed below. However, I know last year this email didn't maintain its formatting very well as it travelled through cyber-space. Therefore, if this email is difficult to read, this information has been sent directly to the email contact listed on the contest entry form for all contestants and to the corporate office for distribution in the E-Note that is being posted this week. Please check these sources for additional information if this email turns-out to be difficult to read.

See you all in Providence where we celebrate our 50th as we cheer on our 30 competing quartets and 25 competing choruses.
